

Flyer - Color Copy Template

8.5 x 11

Blue Line — Indicates a safe zone for the text.
Don't put text over the blue line or it will be cut off.

Red Line — Indicates the Cut or the Final Size of the document.

Green Border — Indicates the Bleed area.
Bleed is extended background which is cut off after printing.
This is to prevent white lines showing around the edges.
In general you need to add .125" (1/8") bleed around the edges to the page size.
For example the file size for the 8.5x11 Flyer will be 8.75x11.25.

Safe Zone - No Text over the Blue Line - Set Margins to .125"
